

## MEDICAL FORM FOR REFEREES & ASSISTANT REFEREES

All FIFA Referees, FIFA Assistant Referees, National Referees and National Assistant Referees must obtain a medical certificate from a medical practitioner attesting to their fitness to officiate based on testing of the following functions:

- a) Circulatory
- b) Eyesight
- c) Hearing
- b) Pulmonary

### To Be Completed By Physician

I the undersigned physician have carried out a medical examination of  
(Official's name) \_\_\_\_\_  
and certify that the above-named individual is physically fit [ ] unfit [ ] to act as  
a game official.

His/her blood pressure reading was taken and recorded as follows:

\_\_\_\_\_ / \_\_\_\_\_

Physician's Signature: \_\_\_\_\_

Place: \_\_\_\_\_

Date: \_\_\_\_\_

**The examination must be completed within the 14 days prior to taking the fitness test**

This form must be forwarded to the CSA Referee Manager

\* Please note that FIFA Referees and Assistant Referees may be required to undergo other medical testing prior to an international match/tournament.\*
